

Noel & Tricia Richards - Bio

Noel & Tricia Richards have been writing and performing together since 1975, when they first met in Plymouth, England. Over many years, their songs have found a worldwide audience, mainly through Noel performing with his band in more than 30 countries.

In 2010, they relocated to Palma de Mallorca, Spain and so began a new season of life and a fresh direction for their music and songwriting.

After more than 30 years of writing together and Noel recording solo projects, Autumn 2013 saw the release of the first 6 track CD from Noel & Tricia Richards - 'Favourite Place'. The songs on the CD are about life, love and friendship - the things that matter most to them".

"The more I listen to this six-song EP, the more I become confident they'll find an audience for their music in bars and folk clubs and anywhere where people want musical warmth rather than showbiz flash."

– Tony Cummings, Cross Rhythms

They followed this up with the CDs 'Wonderful' in 2015 and 'Quiet My Soul' in 2017.

Since then, they have been releasing new songs on all the major streaming platforms.

Tricia is also working on a collection of her poetry for future release.

Their live concerts feature songs, poetry and stories.

"We had music, poetry, telling of life stories all melded together in such a way that we were entertained, informed, inspired, moved and challenged. What more could you want...."

– Keith, Rayleigh, UK
